Save on Shipping with Depot Pickup!

Above a certain weight, it's cheaper to send a pallet of goods than lots of individual FedEx packages, but most customers don't order enough at one time on their own to cross that threshold. To make freight savings available to more folks, we offer the Depot Shipping Program for Organic Growers Supply items, including potatoes and sets. By selecting "Ship to Depot" at checkout, your order will be grouped with other depot customers in your area, sent via freight to the farm or storefront you selected, and save you up to 80% on shipping.

- We accept depot orders all winter, online only; depot shipping season runs from mid-February to May. Some depots have multiple shipments throughout that time; a few depots accept shipments only in April, when potato orders ship. Our most popular depots also receive a shipment in October.
- Our goal is to have orders available within two weeks after the order deadline. We will send a notification e-mail with pickup instructions when your order is ready. We expect customers to pick up their orders within a week of this notification. If you place a depot order and don't hear from us within two weeks of the order deadline, please check the inbox and spam folder of the email address you used to place your order before contacting us.

Changes to Potatoes and OGS Shipping

No matter how much Fedco has evolved over the years, we remain primarily a mail-order business. This puts us at the mercy of the shipping industry, as costs climb ever-upward. We are continually striving for the right mix of shipping strategies that serve our customers well, while not putting us in the hole. OGS / Potatoes have made a few recent changes that bear explanation:

- **45 lb bags/boxes instead of 50 lb:** We noticed FedEx was charging us thousands of dollars in handling fees for all our packages 50 lb or more. To avoid these fees and to keep our prices as low as possible, we reduced our largest bag/box size to 45 lb for any potatoes or amendments we repack.
- **A higher weight threshold for freight orders:** In previous years, we've recommended any order over 200 lb ship via freight if possible, in order to receive the best price on shipping. However, we've found that for orders up to 300 lb, FedEx is often the better deal, so we've increased that recommended threshold.
- **No more freight-shipping option on paper order form:** If your order is more than 300 lb, delivery by freight can save you oodles of dough. If you are interested in this shipping option, you'll need to order online. Additional fees charged by freight companies—for services like liftgates, residential delivery and freeze protection for potato orders—are too complicated to calculate on the paper form. Our nifty online ordering system will walk you through these options, preventing unexpected charges later on.
